GUARDIAN GATEWAY
Smart Energy Storage Monitoring Solution

The Guardian is the gateway to your Fortress Power Batteries. The new Guardian is Wi-Fi enabled, and connects directly to your Fortress Power batteries!
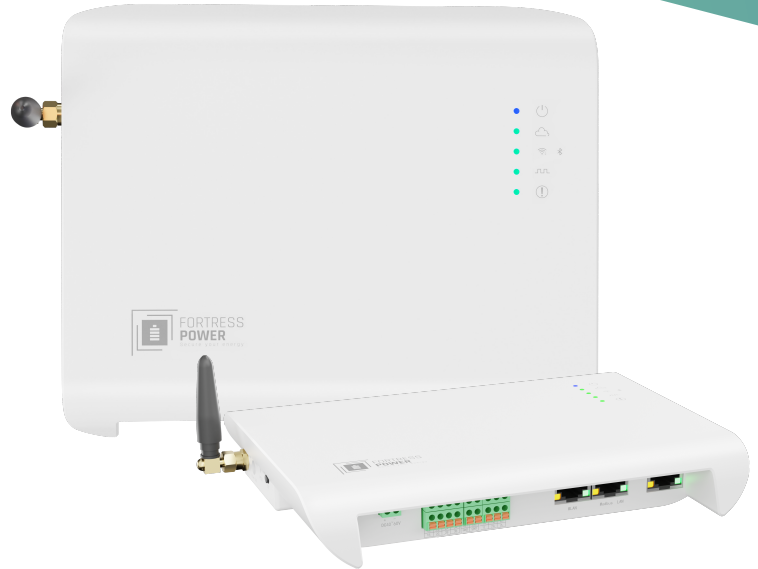

Key Features

• Wired directly to Fortress Power Batteries
• LAN, Wi-Fi and Bluetooth connectivity
• Scan automatically for new batteries
• Connect your Fortress Power Batteries to the cloud
• Monitor your batteries from anywhere, anytime
• Monitor key battery values such as State of Charge, Voltage, Current, Temperature
• Share installation and monitoring data directly with support engineers
• Chat live with support engineers
• Create support tickets

Products Supported:

• Fortress Power eFlex 5.4 (Available at Launch)
• Fortress Power eVault MAX 18.5 (Coming Soon)

Mobile Operating Systems Supported:

• Google Android (Available at Launch)
• Apple iOS (Coming Soon)

GUARDIAN COMPANION APP

The Guardian companion app allows monitoring of key battery values such as State of Charge, Voltage, Current and Battery Temperature. The app also allows for faster, more accurate technical support.

Electrical Specifications	
Power Consumption	5W – 24V@1A power supply
AC/DC Adapter	120V / 5A 24V DC 5.5mm
Supported Communication Types	1x MODBUS/TCP, 2x MOBUS/RTU, 2xCAN 2.0
Operation Frequency	2.4Ghz

Physical Specifications	
Weight (device only)	0.8 lbs (0.4 kg)
Dimensions (device only) (WxHxD)	7.25" x 6" x 1.25"
Shipping package dimensions (WxHxD)	14" x 8.5" x 2"
Shipping package weight	2 lbs
Housing	IP23
Mounting system	Din Rail Mount
Status Display LEDs	From top to bottom: power, cloud connection, Bluetooth/Wi-Fi connection, serial communication with battery, error signal
